EXHIBIT 11

REQUIRED ORDER OF APPLICATION

The application must comply with the following format. This format is meant to ensure a fair and equitable comparison of each application, and allow for the ranking team to easily locate information vital to the ranking process.

Each section must be separated using dividers with <u>numbered</u> tabs (e.g., **1** for Narrative, **2** for Uniform Application, **3** for Resolution, etc.). Also, <u>the pages</u> in the application from the Narrative to the Ranking Criteria <u>must be numbered consecutively</u>. Include supporting documentation as exhibits at the rear of the application, separated by dividers (e.g., <u>lettered</u> tabs A to Z). Exhibits with similar topics may be combined under one tab. Separating each topic with colored sheets of paper, etc., is helpful. Exhibits should be listed in the Table of Contents. Numbering of exhibit pages is not necessary.

Table of Contents

1. **Narrative for proposed project (limited to 2 pages)**

2. **Uniform Application**

3. **Resolution to Authorize Submission of Application and Agreement to Certifications (with original signature or certified copy of an original signature)**

4. **Minimum Threshold Requirements**

5. **Financial Management**

6. **Program Management Plan**

7. **Project Planning**

8. **Capacity Determination**

9. **Incentives for Innovative Design (*if applicable*)**

10. **Exhibits**
